

Make a Difference for a Youth Today !!!

ACCHORD Music Mentorship Program

Put your music skills to a great use by teaching guitar, bass, and piano to “in-risk” teens at a local shelter. Or, donate your old (or new) instrument to this successful program. The Music Mentorship Program does the following:

- Helps teens in tough situations have a positive, enriching experience.
- Provides a rare opportunity for these youth to get one-on-one instruction.
- Builds self-esteem by teaching teens a new (and very cool) skill.
- Allows teens to earn an instrument by completing a set number of lessons.
